

WE BRING EVERYTHING TOGETHER IN A SINGLE PLATFORM

Transform your operations

With the power of our proven platform, you can easily manage orders and payments coming in from multiple channels... at the counter, at the table, or with a mobile device... all from a single source.

Innovate your customer experience

Our open NCR Aloha platform gives you the flexibility and freedom to engineer your future—using both NCR and third-party solutions.

Create raving fans

Make it easy for your customers to earn rewards and connect with your restaurant anytime they choose.

Deliver a secure experience

Protect your network, your valuable business data and your guests' information with confidence.

Why NCR Hospitality?

Industry leaders trust NCR. 34 of the top 50 quick service and 27 of the top 50 table service restaurant chains use NCR solutions.

We enable omni-channel connections. Over 600 million transactions flow through NCR solutions each year.

We are constantly innovating the consumer experience. NCR spends approximately \$230 million annually on research and development across our hardware, software and services.

We are locally-focused with a global presence. Our team is focused on the local restaurant community, backed by a strong, stable company that's been in business over 130 years.
