NCR PULSE

Find out how your store is doing...from anywhere.

Want access to actionable information anytime, anywhere?

Pulse is a versatile mobile application that leverages POS data to provide actionable, real-time information to a user's smartphone. Operators experience the nirvana of knowing exactly what is going on in their business regardless of where or when.

Pulse Real-Time

Real-Time gives you instant access to your latest sales numbers and highlights interesting and unusual behavior so you can take immediate action. The following information is now at your fingertips:

- Sales comparisons and forecasting
- High-volume sales data
- Sales categorized by type, hour and register
- Video monitoring
- Transaction-level detail

Pulse Forecourt Manager

Forecourt Manager allows operators to have full visibility of their fuel business. It helps ensure maximum uptime, throughput and efficiency with real-time information, including:

- Fuel flow rates
- Tank inventory predictions
- Pumps not selling fuel
- Failing or offline pump hardware

NCR

Why NCR?

NCR Corporation (NYSE: NCR) is the global leader in consumer transaction technologies, turning everyday interactions with businesses into exceptional experiences. With its software, hardware, and portfolio of services, NCR enables more than 450 million transactions daily across the retail, financial, travel, hospitality, telecom and technology industries. NCR solutions run the everyday transactions that make your life easier.

NCR is headquartered in Duluth, Georgia with over 26,000 employees and does business in 180 countries. NCR is a trademark of NCR Corporation in the United States and other countries.
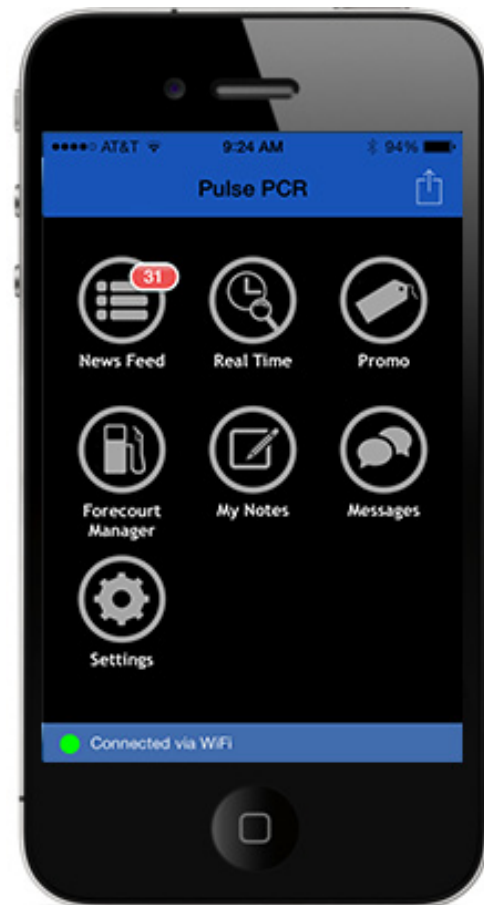

Pulse Retail Guard

Retail Guard is viewed as the eyes and ears for the operations team. Detect suspicious behavior and take immediate action, not at the end of the day. Keep track of employee behavior, including:

- Fraud alerts
- Employee comparisons
- Employee performance

With Pulse, there's no more waiting for cumbersome reports based on old data. The actionable information available 24/7 from Pulse means petroleum and convenience retail operators can make timely business decisions that directly impact the bottom line.
